One Year On.....(already!)

"Time goes fast" croons the singer Rawb. It does often seem like that doesn't it?

Goodliving took over responsibility for running the Christian Bookshop on 1st September last year. We have made some changes but, hopefully kept faith with the 25 year legacy we inherited. There is still much to be done if the shop is to keep up with our ever changing world.

We rejoice that the Lord has blessed us with a modest increase in turnover and we give thanks for the continued support of many churches and and Christian friends.

More than just another bookshop

We stock a very wide range of Bibles, Books, Church Supplies, Candles, Gifts and Cards for most occasions.

More than 7000 lines at or below recommended retail prices. We do not 'ramp' the price in order to give a discount.

We believe God speaks to our hearts through the written word and our aim is an open bible in every home.

Our 2026 supported good cause.

This year we are proud to support a cause run by one of our own volunteers. The Evelyn Nyame Foundation provides essential supplies to families in Ghana and we will be pleased to accept any donations via the shop.

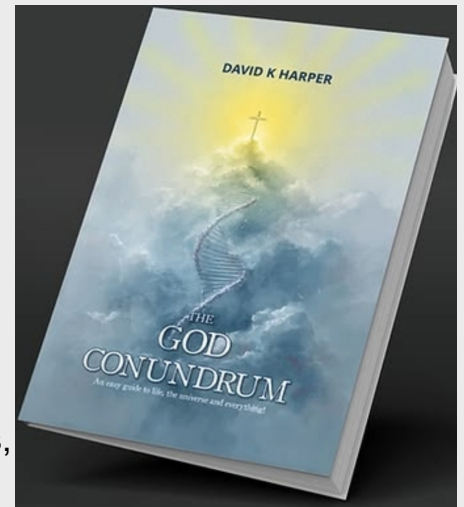

The God Conundrum: An easy guide to life the universe and everything!

The God Conundrum by BBC TV antiques presenter David Harper is a unique blend of personal spiritual testimony and accessible apologetics documenting an 11-month deep dive into Christianity.

Skeptical for most of his life, Harper began researching the psychological and spiritual changes he observed in his own daughter, turning a brief internet query into nearly a year of full-time investigation. Unlike most publications on apologetics, it is both a presentation of arguments and a personal testimony of conversion.

The 208-page book is structured around foundational existential questions: why there is something rather than nothing, why life exists on Earth, and the historical reality of Jesus.

His findings will stimulate your heart, mind and soul... and might even change your life!
